There's power in returning to your promises with new eyes and deeper roots.

Companion Ceremonies

Companion ceremonies are a heartfelt way to celebrate the bond between two people, marking love, commitment, friendship, or shared milestones in a deeply personal way.

These ceremonies are not legally binding, nor are they intended to replace formal agreements; instead, they are a meaningful reflection of connection, crafted purely to honour the relationship itself.

Whether a shared celebration, or a moment to say “*You matter to me*” each ceremony is tailored with warmth and a light-hearted spirit, creating lasting memories through words and gestures that truly resonate.

Rituals

Your ceremony isn't just about the vows, it's a celebration of love, heritage, and connection. Rituals add depth, symbolism, and magic to your ceremony, offering a moment to pause, reflect, and involve those you love.

Below are some beautiful options couples often choose, and as your celebrant, I'll help you tailor each one to reflect your unique story.

Handfasting

An ancient Celtic tradition symbolising unity & commitment.
Coloured ribbons or cords gently tied around your joined hands.
Each colour can represent values—love, loyalty, strength, joy.
A stunning visual metaphor: *"Tying the Knot"*

Unity Candle Ceremony

A gentle, glowing symbol of two lives becoming one.
Each partner lights a taper candle & together they light a central candle.
Can include family members to honour blended families or shared roots

Sand Ceremony

Perfect for outdoor or beach weddings.
Each person pours coloured sand into a single glass vessel.
The combined layers represent your unique individuality and new shared life.

Dove, Butterfly, or Confetti Release

A visual celebration of freedom, transformation, and joy.
Best for outdoor venues with open skies.
Optional eco-friendly choices available for sustainability-conscious couples.

Flower or Garland Exchange

Especially popular in multicultural weddings.
Partners exchange floral garlands or gift a flower as a token of love.
Can be adapted for family participation or group celebration.

Ring Warming

A beautiful communal moment involving your guests.
Rings are passed among loved ones before the ceremony, each offering a silent blessing or good wish.
Adds emotional warmth & inclusivity, especially for close-knit gatherings.

Oathing Stones

A Celtic-inspired ritual where vows are spoken while holding a stone.
Symbolises grounding your promises in something enduring.
Couples often keep the stones afterwards as a lasting keepsake.

Sharing Rituals (Bread, Mead, Wine, or Tea)

Rooted in hospitality and connection.
Couples share a traditional drink or food to honour cultural roots.
Great for vintage, rustic, or heritage-themed ceremonies.

Love Letter Box or Time Capsule

A modern twist with lasting charm.
Each partner writes a private letter pre-ceremony.
Letters are sealed in a box with wine, keepsakes, or mementos—opened on a future anniversary.

Water Blessing Ritual

Ideal for nature-inspired or spiritual ceremonies.
Water is gently poured over hands or symbolic items.
Often includes blessings, poems, or a nod to cleansing and new beginnings.

Whether it's planting a tree, painting a canvas together, or writing vows in poetic form,
I'm here to craft something that feels true to you.
